# **ExCEL Activity Report**

## **Open Resak Day 2021 (OPERA'21)**

**Name:** Lim Sin Jie

**Matric Number:** A19EC0073

**Program/Course:** 2/SECJ

**Batch:** 2019/2020

**Academic Advisor:** Prof. Madya. Dr Mohd

Yazid bin Idris

### **Justification in Joining the Activities:**

Open Resak Day (Opera'21) an annual program organized by the Student Residential College Committee (JKM) to provide a platform to introduce the facilities of Kolej Tun Dr. Ismail to UTM students, especially to new students from the recent intake session. I would like to join the program as the treasurer because apart from I am one of the Student Residential College Committees (JKM) KTDI, I am interested towards one of the biggest ever annual programs for KTDI which was conducted online due to the COVID-19 pandemic. I wished to have a new experience to be the treasurer of the program and be involved in the annual program for KTDI. It would truly make me proud for involving myself in the program Opera'21.

### **The Graduate Attributes that are Focused on:**

- a) **Communication Skill:** Communication skill is a one of the important graduate attributes that is necessary during the whole program. This is because I had to communicate with all the committee members and the fellows for the details of the program. I would have to constantly communicate with the director and the committee members for the budget part. Hence, I learned that communication skill is an important skill for people to communicate with each other.
- b) **Thinking Skill:** Thinking skill is one of the graduate attributes that was focused on during the activity. The skill is important for me as I had to consider the budget and income of the program. Hence, we have to be equipped with thinking skill for us to take any role in any program so that there would not occur bad impact due to bad considerations.
- c) **Leadership and Teamworking Skill:** The leadership and teamworking skill as it is a must for me to have this skill. Without the skill, I would not be a good treasurer for the program and I had to cooperate with each other for completing the tasks. I would need to list out the detailed budget and income for them, give my guidance and advices all along the program. We had to work with each other to complete the program, hence teamworking skill is important for all of in the program.

- d) **Adaptability:** One of the attributes that was focused on during the activity is adaptability. Due to the prolonged COVID-19 pandemic, I had to adapt the online environment for having the online program especially Open Resay Day 2021 (OPERA'21) was the first time being conducted online.
- e) **Global Citizen:** Global citizen skill is needed for completing the program too because I had to deal with many people including the committee members and participants who were all came from different backgrounds. I had to act ethically during interacting with the others since I was the treasurer of the program. Hence, I would take care of my every word before saying it out and tried to deal with the financial problems professionally.
- f) **Enterprising skills:** Enterprising skills is especially important for this program since I was responsible for the financial part of the program. Hence, I had to effectively manage and deal with the difficult financial problems during the program.

### **Content of the activity:**

Open Resay Day (Opera'21) started on 20<sup>th</sup> May until 22<sup>nd</sup> May 2021 and was conducted virtually using Facebook as the main medium. The opening ceremony of OPERA'21 started at 9.00 p.m. and was officiated by Kolej Tun Dr. Ismail Principal, Lieutenant Colonel Professor Madya Dr. Mohd Noor Azli Bin Hj. Ali Khan. Afterward it proceeded with KTDI Got Talent, where students could showcase their talent to the public. On 21<sup>st</sup> May 2021, a forum titled 'Liberalisme Ekstrim Perosak Akidah Remaja' was held from 10.00 a.m. to 12.00p.m. using KTDI official Facebook page. The panel were Ustaz Ahmad Adnin, a famous writer and Muhammad Hafizi from Pusat Mahasiswa Islam. An entertainment subprogram called 'Movie Time' was held in the evening. Participants are required to join OPERA'21 official discord server and have a chance to choose 4 movies including Sinister and Fractured. We also conducted an informative talk focused on skincare by Dr. Mariani, founder of Dermags from UTM for all students to join and deepen their knowledge about skincare routine. On 22<sup>nd</sup> May 2021, an E-games tournament consisting of PUBG, ML and Valorant was held. Not only that UTM students joined the tournament, students from all over the place including secondary school participated as well. This shows UTM has high exposure to outside people in promoting UTM programs. Aside from the participants, we also welcomed them to be our

marshall and caster for the tournaments. A total of 287 players, 163 of them were from other institutes and the rest were UTM students. The final E-Games tournament was streamed via Facebook Live on the last day of our program for the public to watch. Furthermore, we invited Prof. Madya Dr. Azlan, Deputy Vice Chancellor's Department (Student Affairs) Student Activities and Development Division. We were very grateful to have him as our officiator for the Closing Ceremony. We also would like to take this opportunity to say thank you to all the participants for supporting our program and congratulations to all the winners of OPERA'21.
