PROGRAM: SECV COMPUTER SCIENCE (GRAPHIC AND MULTIMEDIA SOFTWARE)
BATCH: 2019/2020
ACADEMIC ADVISOR: DR. NORHAIDA BTE MOHD SUAIB

Justification in joining the activities:

CGMA BoxTrolls 2020 has been held on 7th March 2020 at Dewan Kuliah 4, P19. This program has been held by Computer Graphic Multimedia Association (CGMA). All the members of CGMA are required to joined the program. The main session of this program is a sharing session with the fourth-year seniors who doing their internship at that time. The sharing session helps students to prepare for their internship. The session also gives out tips on how to excel or survive during the internship that is beneficial for the students.

Graduate Attributes:**1. Communication Skill:**

This skill is crucial for this program as the members of CGMA will be put in a group that is included from first-year students to fourth-year students. The students will communicate with each other to complete the given task. The members will voice out their ideas and opinions during the activities this helps the members to improve their communication skills which can be implemented for their work-life.

2. Thinking Skill:

This program also can improve members thinking skills. Many activities have been held to improve the skills. The main activities that require high thinking skills are when the members need to create innovation but they were only given plastic, newspaper, box, and helmet.

3. Leadership and Teamworking Skill:

These skills are as important as other skills, but this required cooperation from all of the member's group. The leader of the group also has an important role which they need to lead the group member through the program. Although the leader is from fourth-year students. The other students can take the leadership and dedication quality from their leader as an example.

Content of the activities:

On the day of the program, all of the members need to gather in front of Dewan Sri Resak (KTDI). The members will be moved together to the venue program. The members need to sign in their attendance before entering the venue as records. The program begins with ice breaking after the group has been assigned to all of the members. The sharing session which is the main event in the program is held after lunch. The sharing session was great as the seniors gave us quite details sharing on how they experience the internship. The program ended with a photo session with all of the participants of the program.
