CGMA EXPERIENTIAL DEVELOPMENT PROGRAM 2021

(EXPEDEA '21)

NAME: NURAINA NAJWA BINTI MOHD RAUZI

MATRICES NUMBER: A19EC0137

PROGRAM: SECV COMPUTER SCIENCE (GRAPHIC AND MULTIMEDIA SOFTWARE)

BATCH: 2019/2020

ACADEMIC ADVISOR: DR. NORHAIDA BTE MOHD SUAIB

Justification in joining the activities:

CGMA EXPEDEA 2021 has been held on 29th May 2021 on the Google Meet platform. This program has been held by Computer Graphic Multimedia Association (CGMA). This program has required all the members of CGMA from the first-year students to fourth year students to joining the program. This event will be held online for the first time. This annual event is to build and strengthen the relationship between CGMA members. The event will also build a good relationship between members of the association through interactive activities.

Graduate Attributes:**1. Communication Skill:**

Among the activities held during the program is 'ice breaking' where third- and fourth-year students share their experiences, and other activities virtually. During these ice-breaking activities, most of the members show great communication skills as there will be a Q&A session after the ice-breaking where the other students can ask their curiosity to the seniors. The seniors also point out tips on how to improve their academic skills.

2. Thinking Skill:

The activities that have been held required the participant's thinking skills. One of the activities that require creative thinking skills is "Break the Chain, You Lose". where the participants will be given a theme and they need to continue words from the previous person. This requires thinking skills as the participants will have limitations on choosing words where they need to find suitable words to the theme given and not a repeated word. For activity 3 also require thinking skills where the participants will be given sets of random questions which will be based on common knowledge, history, technology, science and etc.

3. Leadership and Teamworking Skill:

Leadership skills are important for the leader of the group. They play an important role to lead the members throughout the program. Teamworking skills also can depend on the member's ability to communicate well and help the member's representative for the activity to complete their activity successfully.

Content of the activities:

On the day of the program, all of the committee members need to get ready for the program at 7.30 a.m. They need to make sure all of the unit members ready in their place to start the program. At 8.00 a.m. the first registration will be given to the participants to fill out. The program will begin with ice-breaking activities by sharing and Q&A sessions with our seniors. The program continues with other activities such as "Guess It Right!" and "Break the Chain, You Lose". The program will continue the third activity which is "Invisible Knowledge" after a short break. The closing ceremony has been held with the award ceremony to the winners. The program continues a sharing session from our lectures after the lunch break. The program ended with a photo session with all of the participants of the program.
