### **Justification in joining the activity**

Kem Kembara Muslim was organized by Persatuan Mahasiswa Islam (PMI) on 27th and 28th September 2019 as a 2 days camp for the Muslim and muslimah students. The event involved religious practices, talks and activity focusing on spirituality. The event is specifically aimed toward new coming students on how to adapt and cope with university lifestyle. I joined the event to create some memorable activities with my friends, see some attractions and familiarize myself around Johor. I am a participant in this event.

### **The graduate Attributes that are focused on**

- **Communication skills**

Even Though, the event is more focusing on spiritual belief, the event also involved working in a group. As a newcomer, we are required to get to know each other, each from a different course, region and background. Thus, the event is honing our social and communication skills.

- **Leadership and Team working Skills**

As the event is conducted in a team, we learned how to work as a team. There are multiple activities that need to be completed to reach a certain goal with each activity focusing on team building. We are required to have each other back, and try to do what we did best and be considerate of each other.
