3. Graduate attributes

3.1 Leadership and Teamwork skill

Since this competition is a grouping game, therefore it is really enhance our teamwork skill. We need to discuss with other and propose tactic when in game. For me this is an important skill not only when involving sports but also when working assignment or project.

3.2 Communication skill

This competition require us to communicate with each other even when in match or after it. My team is compilation of all from different kolej such as KTDI, KTC, and KTR. Therefore we need a good communication skill as a team so that we can play in the tournament. For me communication skill is very important in our future career because we're going to deal with client for example.

3.3 Adaptability skill

Since we still have class session therefore the only way to have a training is when the evening after class. Sometimes some of us have time problem and couldn't attend training. Therefore we need to manage our schedule so that we can have time for training. By managing my time efficiently it helps sharpen my adaptability skill.
