PROGRAM: SECV COMPUTER SCIENCE (GRAPHIC AND MULTIMEDIA SOFTWARE)

BATCH: 2019/2020

ACADEMIC ADVISOR: DR. NORHAIDA BTE MOHD SUAIB

Justification in joining the activities:

UTM PHOTOCREATIVE CLUBGUIDANCE CLASS 1 & 2 2019 has been held from 7th September 2019 to 14th September 2019. This program has been held by UTM Photocreative Club. This program has open to all of UTM students to joined the program. This is one of annual event from UTM Photocreative Club which the main objective is to welcome newcomers to the club and to guide newcomers all the essentials of photography and develop your skills in photography.

Graduate Attributes:**1. Communication Skill:**

This program required high communication skills as all of the participants will be place in a group and will be a guide by four facilitators of the UTM Photocreative Club. By grouping the participants, the facilitator can focus on each participant to develop their skills in photography. The participants also can build a new friendship from this program.

2. Thinking Skill:

The activities that have been held required the participant's thinking skills. During this program, the participants need to implement the essentials that have been explained by one of the seniors in that club. Other than implementing the essentials the participants also need to capture a great photo. The participants will also be testing their creative skills as they need to capture a photo that has a great ambiance and story.

3. Leadership and Teamworking Skill:

Teamworking skills will depend on the member's ability to communicate well and complete their activity successfully. Leadership can be seen from the facilitator as they are the guidance to the newcomers.

Content of the activities:

On the day of the program, all of the participants need to sign in the first registration. The program is taken place at Dewan Kuliah 4, P19 for a talk session. The program will begin with ice-breaking activities and a talk session on the essentials of photography. The program continues with other activities which require the participants to implement the essential that has been taught at the talk session. The photo that is taken by participants will be valued and filtered. Only the chosen will get a chance to join the next activities which been held outside the campus. The program ended with a photo session with all of the participants of the program.
