1. Activities Information

Date: 26/2/2020

Venue: Dewan Banquet

Organizer: KELAB BAHASA MANDARIN UTM

2. Graduate Attributes

- Communication Skills

3. Position/Role in the Activities

I have participated as an audience of the OPENING CEREMONY KELAB BAHASA MANDARIN SESSION 2019/2020.

4. Mini Report

Since this activity was compulsory for students who joined the mandarin class, I have participated in this activity as an audience. This opening ceremony and the Kelas Bahasa Mandarin are focused on mandarin communication skills. Students can improve their communication skills in mandarin by joining the mandarin class.

In this opening ceremony, there was a speech from VIP and students, an opening ceremony performance from UTM Diabolo Club, FDS Flying Dance Studio Club, and a rewards session for tutors.

Kelas Bahasa Mandarin is a UTM club that teaches mandarin to students. There are 5 levels of the mandarin, and new students can start from level 1. The main content of the mandarin club is to teach students mandarin and share Chinese culture with students through the opening ceremony, lunar new year celebration, etc. There is a test for the mandarin class and it is necessary to pass for the next level class.

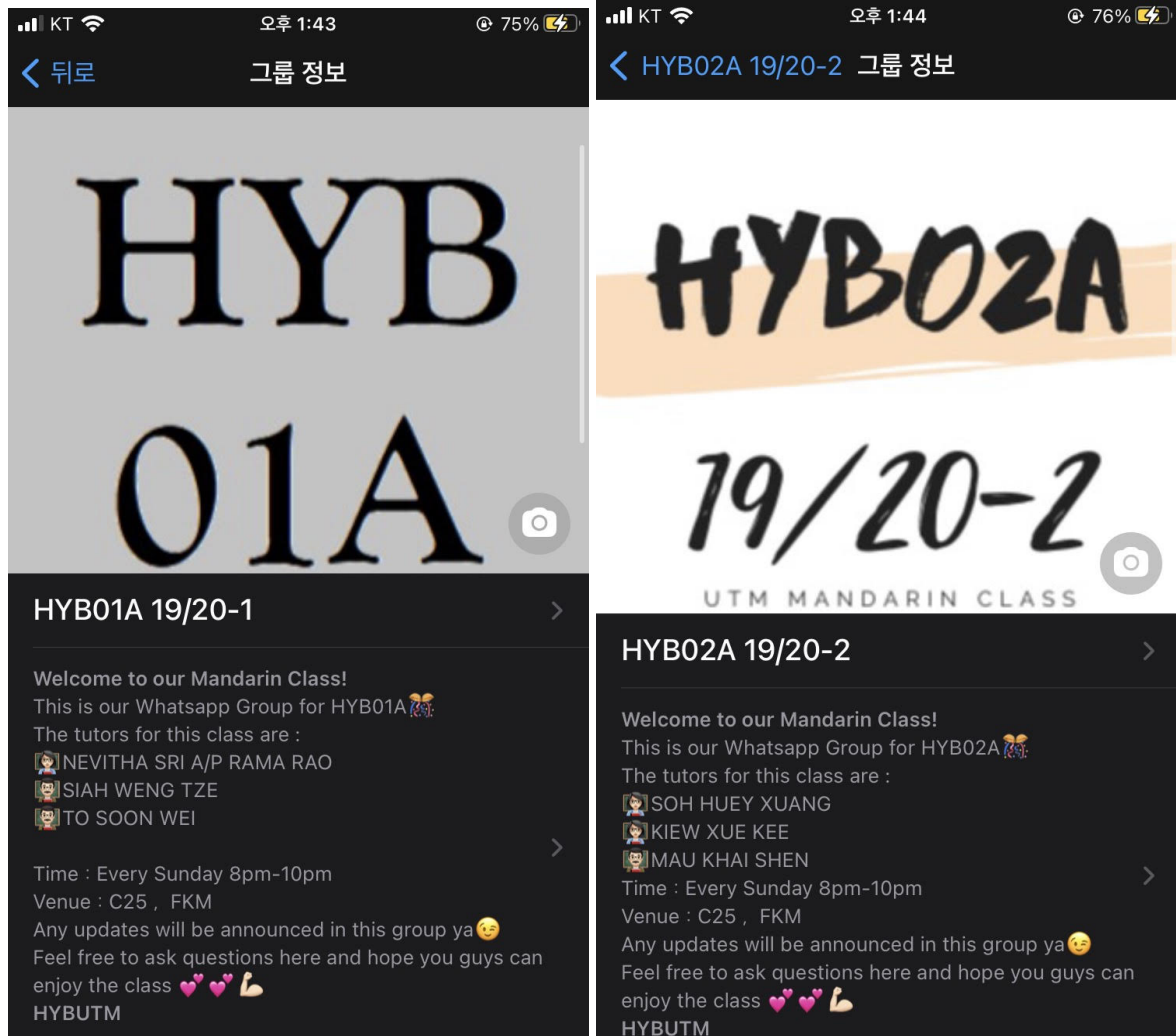

5. Self-reflection

Like the opening ceremony, the UTM mandarin club always organizes events with Chinese culture such as Chinese traditional dance and diabolo (Chinese yo-yo) performance. I thought that this is a great experience for students to learn the Chinese culture, and that would be easier to learn mandarin words through cultures. I have learned mandarin from the UTM mandarin club and I realized that I have improved my mandarin communication skills a lot, especially for pronunciation. Furthermore, in every mandarin class, there were more than 2 tutors, so it was very helpful to ask questions and correct my pronunciation.

Due to the COVID-19, I couldn't join the online mandarin class. But still, they share the mandarin sentences and words on their social media for easy learning. And this helped me a lot to learn the words and sentences easily from movies, songs, etc. Even though the

COVID-19, I can see their efforts and activities actively online, therefore I would like to take classes from next semester to improve my mandarin communication skills.
