## Education

### • UNIVERSITI TEKNOLOGI MALAYSIA

I am a First-Year student in Universiti Teknologi Malaysia, with the course Bachelor of Computer Science (Data Engineering) with honours, formerly known as Bachelor of Computer Science (Database Systems), which is specially designed in collaboration with the industries. Graduates with this program can work as System Engineer, Software Engineers, and others.

### • UTM SPACE (FOUNDATION)

I am a Foundation student in UTM Space in the year 2020-2021. I had applied Life Science Program, the core subjects are Mathematics, Chemistry, Physics/ Biology, and Additional Mathematics. I have successfully graduated with CGPA 3.85.

### • SERI OMEGA PRIVATE & INTERNATIONAL SCHOOL

I used to be a student in Seri Omega within the year 2014-2019. Seri Omega is an amazing school for me to have my studies at there. There are many useful facilities in the campus for students, such as a swimming pool and Sports Complex.
