Sarah Wardina binti Rafidin (A21EC0128)

Introduction

A fraudulent or deceptive act or operation to trick someone into providing personal information or spending money for little or no return

IDENTITY THEFT

Illegal assumption of someone's identity for purpose of economic gain.

Example of Identity Theft

Once identity thieves have your personal information they may:

 Go on spending sprees using your credit and debit account numbers to buy "big ticket" items like computers or televisions that they can easily resell.

CYBER BULLYING

Use of the Internet, cell phones, or other devices to send or post content intended to harm

Harassing or threatening someone or sending mean messages through instant messages (IMs), phone calls, text messages or emails

Verbally abusing other players in multiplayer online games, Internet-connected console games and virtual worlds

PHISHING

Attempts to trick Internet users into thinking a fake but official-looking website is legitimate

Example of Phishing

Email Phishing

- cybercriminals sending the users an email imitating a famous brand or any legal websites and create a sense of urgency to the user thus leading the user to click the link attached in the email.
- the email will take the user to a malicious websites which will either steal the users' information or installing malware into the users 'device
