Halim

Product Owner and User

Ms Nurashikin (The She Society)

Introduction: NABC

Period poverty is the lack of access to safe and hygienic use of sanitary products due to financial constraints that has been side-lined in Malaysia as if it does not exist

Social media has been widely used as a platform to spread information this includes crowdfund campaigns and awareness.

To develop a crowdfunding system that mainly focuses to tackle and raise awareness on period poverty called 'HELPSHI'

The benefits include to provide a designated platform to tackle period poverty, to raise awareness on this issue in Malaysia, to reach the targeted community easily and to encourage the attitude of helping each other

Introduction: Use Case Diagram

Two users: Admin and Donors

- Admin can manage account, view page and generate report
- Donors only can view page, make donation request help and make report.

Introduction: Development Tools

Tool	Descriptions
 Visual Studio Code	<ul style="list-style-type: none">● Streamlined code editor with support for development operations like debugging, task running, and version control● Combines the simplicity of a source code editor with powerful developer tooling● lightweight well-done editor, with few features but less complex● Simple and intuitive
	<ul style="list-style-type: none">● A web-based language that tells browser how to showcase text and images on a webpage.● Easy to learn● Every browser supports HTML language
	<ul style="list-style-type: none">● A style sheet language used for describing the presentation of a document written in a markup language such as HTML● Saves time - can write CSS once and then reuse the same sheet in multiple HTML pages● Easy maintenance - To make a global change, simply change the style, and all elements in all the web pages will be updated automatically.
	<ul style="list-style-type: none">● A scripting languages, primarily used on the Web● Simplicity - relatively simple to learn and implement● Interoperability - plays nicely with other languages and can be used in a huge variety of applications.

Introduction: Development Tools

Tool	Descriptions
	<ul style="list-style-type: none">• An open-source package of web solutions that includes Apache distribution for many servers and command-line executables along with modules such as Apache server, PHP and more.• Helps a local host or server to test its website and clients via computers and laptops before releasing it to the main server
	<ul style="list-style-type: none">• A general-purpose scripting language that can be used to develop dynamic and interactive websites• It's easy to learn and use• It's versatile• It is well connected with databases
	<ul style="list-style-type: none">• A database system used in web• An open source, reliable, compatible with all major hosting providers, cost-effective, and easy to manage
	<ul style="list-style-type: none">• Used for planning, tracking and releasing the software• Can accomplish the work in progress, generate reports, backlogs etc• Built-in roadmaps - Track progress of how projects are progressing so you can get a clear overview of your teams work and plans.

Team Member 1: Siti Fatimah Az Zahra

The screenshot shows a web browser window with the URL `localhost/HELPSHI/request-help.php`. The browser's address bar also shows the email `thesesocietymy@gmail.com`. The website has a dark purple header with a logo on the left and navigation links: `HOME`, `DONATE`, `REQUEST HELP` (highlighted), `REPORT HELP`, `BLOG`, and `LOGIN`. Below the header is a large pink banner with the text `Request Help`. The main content area features the heading `WE CAN HELP YOU` with a subtext `Reach us out if you need help with sanitary products`. Below this is a form with four input fields: `Name`, `Contact Number`, `Location`, and a larger text area `Tell us how we can help you`. At the bottom of the form are two buttons: `Submit` (green) and `Cancel` (orange). The footer is dark purple and contains the text `© HELPSHI. All Right Reserved.` on the left and `Designed By GIT Group` on the right.

HSS-17(US017: Fill in “Request Help” form) request-help.php

Team Member 1: Siti Fatimah Az Zahra

The screenshot shows the phpMyAdmin interface for a MySQL server at localhost/127.0.0.1. The current database is 'helpshi' and the selected table is 'requesthelp'. The interface displays a table with 4 rows of data. The table structure is as follows:

requestHelpID	requester	noTel	location	description
1	Emma	12345	Johor Bahru	Sanitary Product
2	Emma	12345	Johor Bahru	Sanitary Product
3	Emma	12345	Johor Bahru	Sanitary Products
4	Emma	12345	Johor Bahru	Test

The screenshot shows the phpMyAdmin interface for a database named 'helpshi'. The 'donation' table is selected, and the 'Structure' tab is active. The table contains two rows of data:

donationID	donor	date	amount	proof
1	Dayah	21-12-2021	15	[BLOB - 15 B]
2	Maya	21-12-2021	30	[BLOB - 13 B]

The interface also shows the SQL query: `SELECT * FROM `donation`` and various options for filtering and sorting the data. The 'Query results operations' section includes links for Print, Copy to clipboard, Export, Display chart, and Create view.
