Justification in joining the activity

Open Day Resak 2021 (OPERA 2021) was organized Jawatankuasa Kolej Mahasiswa Kolej Tun Dr. Ismail (KTDI) from 20th to 22nd May 2021 which was conducted online. The program is specifically aimed towards new incoming students and current students of UTM to to recognize the facilities and amenities available at Kolej Tun Dr Ismail as well as providing a platform for students to interact with each other with all the different events that they can participate.

The graduate Attributes that are focused on

- Communication skills

As a committee member, there were a lot of meetings and discussions going on. Thus, this program and event shows the importance of having good communication skills as we need to meet clients, audiences, participants and higher upper committees to make this program run smoothly and with no errors. In the end, I have honed my social and communication skills to the max and also improved it along the way.

- Leadership and Team working Skills
  As the event is conducted in a team, I was in charge to lead and conduct this activity for E-games and had to work with a team of people to get the event running. There are multiple activities that need to be completed to reach a certain goal with each activity focusing getting the right equipment, setup, planning, and group dividing. This in return has shapen up my skills as a leader and developed my soft skills as well.

Content of the activity

The event was carried out from 20th to 22nd May 2021 new incoming students and current students of UTM. Outside participation was also welcomed as there were certain events that were open to anyone who was not a UTM student as well. The first day of the event was conducted online through Facebook Live which was the opening ceremony including the KTDI Got Talent event. For the 2nd day, there were various of activities throughout the day such as a virtual explorace, MovieTime., a talk about skin care and also forum agama. On the third and final day, it was mostly filled with E-games activities and the closing ceremony of the event. Below is a tentative description of the whole program.
