EVENT – Kolej Tun Dr. Ismail Sports & E-Games 2021 (KTDI SEGA ‘21)

NAME	MATRIC NO.
MOHAMAD HAZIQ ZIKRY BIN MOHAMMAD RAZAK	A20EC0079

Programme: Bachelor of Computer Science (Software Engineering)

Academic Advisor: Prof Madya Dr Radziah Binti Mohamad

Justification in joining the activity

Kolej Tun Dr. Ismail Sports & E-Games 2021 (KTDI SEGA '21) was organized Jawatankuasa Kolej Mahasiswa Kolej Tun Dr. Ismail (KTDI) from 21st March to 3rd April 2021 which was conducted online. The program is specifically aimed to ensure the active involvement of students in sports as well as to develop and hone students' skills in sports whether in sports events physically or virtually. This was my first event I joined to be committee member and my main goal was to meet new people and learn how to handle a program virtually whilst having a great time.

The graduate Attributes that are focused on

- Communication skills

As a committee member, there were a lot of meetings and discussions going on. Thus, this program and event shows the importance of having good communication skills as we need to meet clients, audiences, participants and higher upper committees to make this program run smoothly and with no errors. In the end, I have honed my social and communication skills to the max and also improved it along the way.

- Leadership and Team working Skills

As the event is conducted in a team, I was in charge to lead and conduct this activity for E-games and had to work with a team of people to get the event running. There are multiple activities that need to be completed to reach a certain goal with each activity focusing getting the right equipment, setup, planning, and group dividing. This in return has sharpen up my skills as a leader and developed my soft skills as well.

Content of the activity

The event was carried out from 21st March to 3rd April for all UTM students and the public as well. Outside participation was also welcomed as there were certain events that were open to anyone who was not a UTM student as well. The whole program ran for almost 2 weeks due to most of the activities needed more time to conduct and participations. Some of those activities includes a virtual run, virtual fitness test challenge, and also 3 E-Games tournaments that were all open to UTM students and also the public. Below is a tentative description of the whole program.

Saturday, 21st March 2021

9.00 pm – 9.05pm	<ul style="list-style-type: none">• Registration
