ExCEL Mini Report

Event:

E-JAMBORI MAHASISWA JOHOR (E-JMJ)

Name : Muhammad Naim bin Abdul Jalil
Matric No. : A20EC0096
Programme : Bachelor Of Computer Science (Software Engineering)
with Honours Computing
Academic Advisor : Prof. Madya Ts. Dr. Shahida Binti Sulaiman

1. Introduction

E-Jambori Mahasiswa Johor or E-JMJ was organized by committee member Sekretariat Anak Johor Darul Ta'zim (SEJATI) from UTM. The event started from 4 June 2021 to 6 June 2021. It was conducted online.

2. Graduate Attributes

Attributes that are related to E-JMJ are communication skills and thinking skills.

3. Role in the Activates

My position and role in E-JMJ as a committee member as crew multimedia unit.

4. Report

4.1. Justification in joining the activities

The goal of the programme is to build a close interaction with members of the SEJATI from all IPTA and IPTS in order to jointly evaluate their home state's success in many aspects. The benefits of this programme can assist students become closer to Johor's leaders and better grasp the options available to them while studying in higher education institutions.

4.2. The graduate attributes that are focused on

- **Communication skills**

There a no event can handle without any communication skills. Lot of meetings and discussions needs for this event. E-JMJ really highlights the value of good communication between the team to work together. As a crew in multimedia unit, I always ask and discuss with my program director and head of the multimedia unit about to finalize the teaser and montage video. It needed confirmation between them and share the ideas to make the video more interesting.

- **Thinking skills**

To hone my skills in multimedia, it needs to think creatively for video, poster, and animation. The video should be attractive to the community so they will join the event. Also, I need to make sure that the video can deliver the message very well. This activity has sharpened up my thinking skill for creativity.

4.3. Content of the activities

The event was started from 4 June 2021 to 6 June 2021, and it was opened to public. Below is a tentative for the whole event.

8:00 p.m. – 10:05 p.m.	CLOSING CEREMONY

5. Reflection

E-Jambori Mahasiswa Johor has been my amazing experience as committee member in my UTM life. As a first-year student, I got request by SEJATI to join and help in

multimedia unit. It helped to build the trust between the the members of SEJATI from UTM and another SEJATI from other IPTA. I made new friends from the event since we need to communicate each other about the task and share the ideas for realize the video in order to attract the community to join the event. It helped me to learn something new about animation in video and make attractive video. Before the event, there are many commitments as a student such as assignment, lab, and exam. Without manage time very well, it can interrupt the task from the event or late submission or unfinish work for the assignment. However, I learn to communicate with the other to help some tasks already given and I got to manage my time during exam or emergency case. Our program director really a good leader for this team and I learned many things about leader and teamwork from him.

6. Evidence
