EXCEL MINI REPORT

ANNUAL GRAND MEETING 2022

NAME: FATIN AIMI AYUNI BINTI AFFINDY

MATRIC NUMBER: A20EC0190

ACADEMIC ADVISOR: DR GOH EG SU

Program Justification

Annual Grand Meeting is an annual event held at the second half semester of the second semester to select the new high committee of Computer Graphics and Multimedia Association (CGMA). This event is attended by all members of CGMA from the first year to the second year to make sure that the high committee are selected based on votes from the participants. Other than to elect the new high committee, AGM is also an event to present the events and programs held throughout the previous committee including financial report in every program.

Graduate Attributes

1. Communication Skills
2. Leadership Skills
3. Thinking Skills

Program Tentative

Before the election of the new high committee, the previous committee presented their annual report and financial report. Then, the participants were given a chance to nominate the candidate to compete with other candidate in every position starting with Year 1 Exco to President. After the candidates were nominated, they were given a chance to state their manifesto and their goals when they were chosen to hold the position. Then, the participants will be given time to vote the candidate they wish to hold the particular position for the next high committee. The graduate attributed that are identified in this event are communication skills, leadership skills and thinking skills.
