Academic Advisor:

Dr. Ahmad Fadhil Bin Yusof

Prepared on: 20 June 2022

On October 11th, 2020, UTM Student Affairs sponsored this session. Two speakers had been asked to make a presentation to the students in order to educate them. The first speaker is Mrs. Nor Sita Binti Zakirai @ Zakirai, a Senior Registrar Assistant, while the second speaker is PTPTN Johor's marketing executive, Mr. Amirul Firdauz bin Jamaludin.

In this specific presentation on PTPTN, the speaker emphasised one of the conditions we may obtain if we apply to PTPTN and meet the criteria, which is that if we dean list during our first bachelor's degree path, PTPTN will transform into a full scholarship. It's natural for a first-year undergraduate student to have little knowledge on how to apply for scholarships or manage my finances.

As a result, the speakers provide their speeches in the best possible way for the students to understand how PTPTN can assist them. Finally, students who want financial aid for their studies and college fees are encouraged to apply for PTPTN. Aside from that, students can benefit from a number of advantages. As a result, pupils do not need to be concerned about their financial difficulties.
