Justification

This event was organized by Inisiatif Jana Kemahiran Siswa Resak (SINAR) under Kolej Tun Dr. Ismail (KTDI) UTM on 13th November 2021. The objective of this program is to teach the participants some basics of the French language. The ability to speak basic French will give many advantages to a person such as can improve career options, travel with confidence where local people in France speak French, and the fact that French speakers are more than 300 million people.

Graduate Attributes

1. Leadership and Teamworking Skills
2. Communication skills
3. Adaptability
4. Thinking skills

Content of the activity

This talk was given by Dr. Mohd Akmali Mokhter that further his studies in France for almost 10 years. Besides, he also took french language in 2008 before taking a diploma in science in 2011. Dr. Akmali starts teaching the French Language by explaining details about the location of France's country in the maps and the history behind the origin of the French language. Next, the participants are taught useful daily conversations, alphabet pronunciation, basic number and spelling pronunciation, greetings and wishes, calendar, and time in the French language. After the speakers taught the participants all the basic French language, there are activities where the participants need to read a simple dialog text with the correct pronunciation and fill in the blanks with the correct words of the French language. Dr. Akmali also answered all the questions that were being asked by the participants at the questions and answer session. Before the program ended, there are photography sessions with the participants and speakers.
