Bachelor Of Computer Science (Graphic and Multimedia
Software) with Honours Computing
Academic Advisor

Academic Advisor:
Dr. Goh Eg Su

1.0 Introduction

Sports & E-Games 2022 or SEGA '22 was organized by committee member Kolej Tun Dr. Ismail (KTDI) from 3rd December 2021 to 18th December 2021. I volunteered for this initiative and was part of the PUBG Mobile competition crew. The PUBG Mobile competition took place on 10th, 11th, and 17th December 2021. The program was held online due to the Covid-19 outbreak that had ravaged our country at the time. This initiative allows students and members of the community to compete in an event even when they are at home.

2.0 Graduate Attributes

Attributes that are related to SEGA '22 are leadership and teamwork skills, communication skills and thinking skills.

- Leadership and Teamwork skills

This program requires me to collaborate with my peers. On some folders, we shall be designated as the leader. The game's trip went well when I was the captain. This is due to the fact that I have a good command of the crew working for me. We split the work in half. It appears that the goal is to preserve the point system and observe how the game develops. This demonstrates that the software encourages us to collaborate with one another.

- Communication skills

I learned how to communicate with existing crews in this program. This is because we need to talk about how we'll keep the points system functioning while also keeping the game running. So that there is no misinformation when managing the program, such items must be understood and agreed upon.

- Thinking skills

I also learnt some critical thinking skills through this training. This is because I need to be ready to fill the points if any team is eliminated while the game is in process. As a result, I can envision controlling ocular system care in tandem with the game's progress. As a result, the program works smoothly and according to the schedule's expectations.

3.0 Role in the Activities

My position and role in SEGA '22 is a volunteer member as crew for PUBG Mobile games.

4.0 Report

The festival ran from December 3rd to December 18th, 2021, for UTM students and the community. The main program began on December 12, 2021, although Virtual Run, Virtual Jump Rope, TikTok Challenge, and E-games began on December 3, 2021. The following is a rough schedule for the PUBG Mobile Event.

(Qualifier) 10th-11th December 2021 & (Final) 17th December 2021

Time	Activities
3.45 pm	Waiting participants for entering lobby
4.00 pm – 6.30 pm	First Half match
7.45 pm	Waiting participants for entering lobby
8.00 pm – 10.30 pm	Second Half match

5.0 Evidence

Schedule and Standings for the tournament:
