EXCEL MINI REPORT

FLUTTER WORKSHOP

NAME	Matric No.
MUQRISYA BT MAT NOOR	A20EC0218
ACADEMIC ADVISOR	
Dr. MUHALIM BIN MOHAMED AMIN	

Justification

This workshop was held on 25th of April through Facebook Live. Those participants who want to attend this workshop should pay RM15 as this workshop will teach them on how to use Flutter software. Flutter is an open source UI software development kit that was created by Google. This software can develop an application for mobile, web and desktop from a single database. In this workshop, there were more than 20 participants and some of them were not students from UTM as this workshop was opened to any person who would love to learn about Flutter.

Graduate Attributes

1. Leadership and Teamworking Skills
2. Communication skills
3. Adaptability

Content of the activity

This talk was given by Mr Ahmad Siraj. Few introductions about Mr Siraj was given to the students. Firstly, Mr Siraj gave an introduction to Flutter development. Then, he started the learning session. He taught them step by step on developing an app from scratch. It was very easy to understand for a new learner like me. 2 hours of learning session, there were several questions asked by the students to Mr Siraj and he answered the questions clearly. After finished, there was a kahoot session where it will asks few questions regarding what they have learned during the learning session to test their knowledge. Then, lucky draw session for those who were lucky. There were 5 winner to be announced using a spin wheel. They were called by their matric card number, Before the closing ceremony, we had a photography session to take some photos as a memory for this fun and informative workshop.
