**NAME: AMIRUL SHAFIQ BIN AMIRRULAH**

**MATRIC NUMBER: A20EC0013**

**ACADEMIC ADVISOR: DR AJUNE WANIS BINTI ISMAIL**

## **Program Justification**

Annual Grand Meeting is an annual event held at the second half semester of the second semester to select the new high committee of Computer Graphics and Multimedia Association (CGMA). This event is compulsory to be attended by all members of CGMA from the first year to the second year to make sure that the high committee are selected based on votes from the participants. Other than to elect the new high committee, AGM is also an event to present the events and programs held throughout the previous committee including financial report in every program. I was a second-year student so I have to join the program.

## **Graduate Attributes**

1. Global citizen
2. Leadership Skills
3. Thinking Skills
4. Teamworking Skills

## **Activity Content**

This program is about the election of the new high committee. Google Meet platform has been used here as the medium to conduct the meeting. Apart from voting session, the current Majlis Tertinggi present the reports regarding CGMA annual activities report, CGMA annual financial report and Programming Expert report for 2021/2022 session. Then, the participants were given a chance to nominate the candidate to compete with other candidate in every position starting with Year 1 Exco to President. After the candidates were nominated, they were given a chance to state their manifesto and their goals when they were chosen to hold the position. Then, the participants will be given time to vote the candidate they wish to hold the particular position for the next high committee. At the final moment of the event, the new committee has been chosen due to the voting of all students attending the program.
