ASSIGNMENT 2

PROGRESS 1

GROUP 2

NAME	MATRIC NO.
MUHAMMAD IKHWAN BIN MAZLAN (LEADER)	A20EC0091
MADINA SURAYA BINTI ZHARIN	A20EC0203
MUHAMMAD SHAWALUDDIN BIN SHAARI	A20EC0099
NAYLI NABIHAH BINTI JASNI	A20EC0105
AARAF ISLAM	A20EC4001

Proposed topic

Title: Volunteering at an Orphanage.

Purpose:-

1. To improve ourselves to be better emotionally and mentally not only as an individual but also as a student.
2. To ensure that we can contribute back to society and build new personal skills.
3. providing love and affection to the orphans so that they can feel what it is like to be loved

Why is it chosen?

Graduate Attributes:

1. Teamwork & Communication skills

Most of us think that being able to communicate and work as a team is all that we need to improve our teamwork skills but we often forget about the world out of college where people are different and unique, be it their education background, their life style and their family. To be able to communicate and work with them is the most important thing to achieve as a student.

2. Self-awareness and emotional intelligence.

Graduates who lack self-awareness and emotional intelligence will not be able to perform well in the professional field. Self awareness is closely related to common sense. To be able to improve these attributes, we have to go out and see the world. The teenagers and children that live in the orphanage experience so many difficulties that maybe help them to improve these attributes in them.

3. Professionalism and leadership readiness

Graduates engage in professional behavior which includes the way we speak, look, act and make decisions on helping the people in need. We can also have the potential to be a leader by motivating and giving some encouragement for the orphan to build a better life in the future.
