SEMESTER 2 SESSION 2021/2022

SECR2242 – COMPUTER NETWORK

SECTION 01

GROUP PROJECT

**TASK 2: TOPOLOGY SETUP IN PACKET TRACER
(RESUBMISSION)**

LECTURER: Ts. MS HAZINAH BINTI KUTTY MAMMI

GROUP NAME: HELLO WORLD

NAME	Matric No.
AZLINAH BINTI HERMAN	A20EC0018
NURMAZLI AZLIN BINTI MOHD RAZALI	A20EC0125
SHARTESWARY A/P BOJARAJOO	A20EC0225
SITI HAJAR BINTI MUCHTAR	A20EC0149

SUBMISSION DATE: 14th April 2022

Table of Contents

Correction	1
Appendix	2
Minute meeting	2

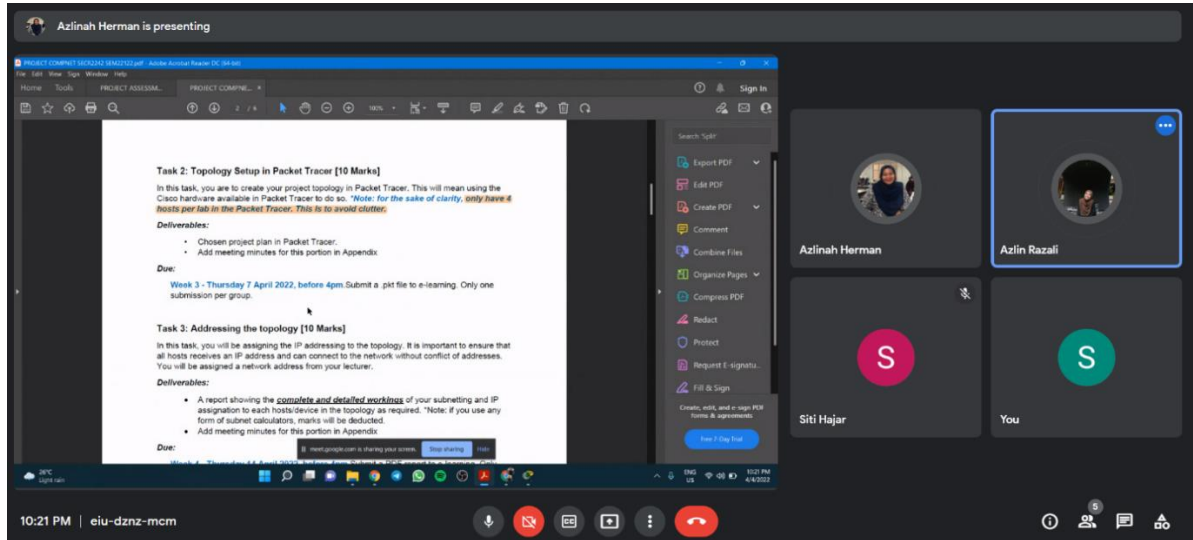

Correction

The following are the corrections made to the packet tracer:

1. We remove all the servers because it was unnecessary.
2. We remove 1 switch on the ground floor that was connecting the 4 switches in the labs to the router0
3. We remove 1 switch on the first floor that was connecting the switches in the conferencing rooms to the router1
4. We remove the switches because it will using greater bandwidths
5. We change the name of each PCs

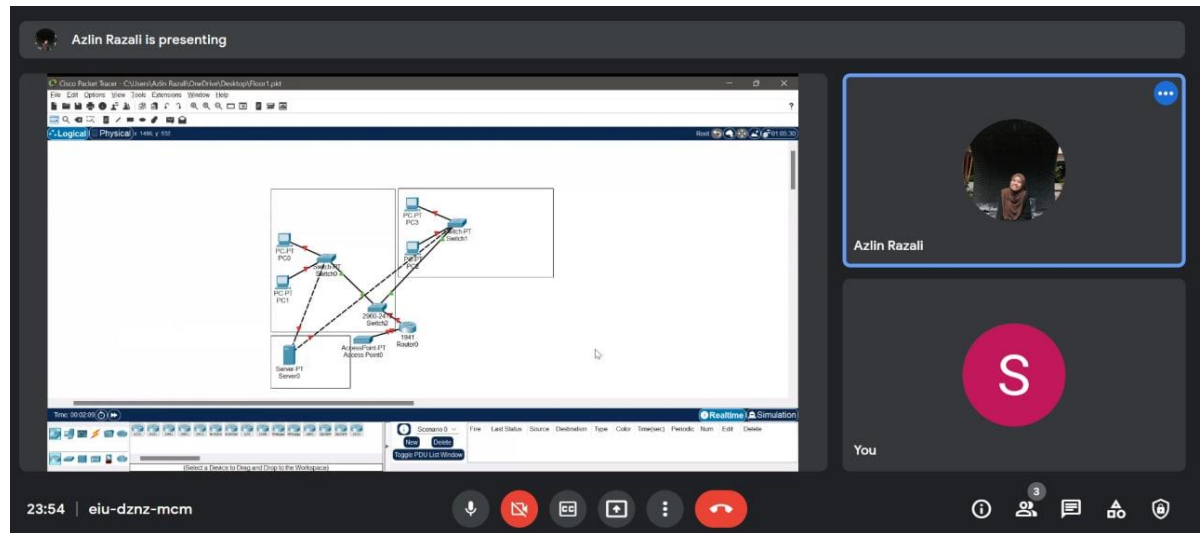

Appendix

Minute meeting

Date	Activity	Proof
04/03/2022	<ul style="list-style-type: none"> In the first meeting, we reviewed the instruction and rubric for Task 2. To setup the topology in Packet Tracer, we divided the task as follows: Azlinah: Computer Security Lab, Server Room 1, Network Lab. Sharteswary: General Purpose Lab, Server Room 2, IoT Lab. Hajar & Azlin: Conferencing Room 1, Conferencing Room 2, Server Room 3. 	 <p>The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled 'Task 2: Topology Setup in Packet Tracer [10 Marks]'. The slide content includes instructions for creating a project topology in Packet Tracer, mentioning the use of Cisco hardware and a note about having 4 hosts per lab. It also lists deliverables: a chosen project plan and meeting minutes. The slide is divided into two sections: 'Task 2: Topology Setup in Packet Tracer [10 Marks]' and 'Task 3: Addressing the topology [10 Marks]'. The Zoom interface shows four participants in a grid: Azlinah Herman, Azlin Razali, Siti Hajar, and You. The bottom status bar indicates the time is 10:21 PM and the meeting ID is elu-dznz-mcm.</p>

05/04/2022

- **Hajar & Azlin** did a meeting to setup the topology for Floor 1 together.
- **Azlinah & Sharteswary** completed their own task for Ground Floor.

06/04/2022

- In the third meeting, we combine all the topology and do the report.
- **Azlinah** presented the Packet Tracer and combined all topology from Ground Floor and Floor 1. **All** of us discussed the correct way to connect all topology.
- **Hajar** created the cover page, table of contents and page numbering for the report.
- **Azlin** did the Minute Meeting.
