## **ExCEL Report**

Event

### **Kastrat Talks**

NAME	MATRIC NUMBER
MUHAMMAD ZAKI MUFTHI	A20EC0325

**Programme:** Bachelor of Computer Science (Software Engineering)

**Academic Advisor:** Prof. Madya Dr. Mohd Adham Bin Isa

## Justification for Joining the Activity

This event was held because the department of strategic research of ISS – Indonesia wanted to hold an event to increase the awareness of the ISS – Indonesia members. The topic of the Kastrat Talks for this time was “Freedom of expression in the digital era”. The event was held online due to the pandemic at the time. The speaker was a lecture from a renowned university in Indonesia.

Figure 1. Photo of Kastrat Talks poster.

As I was the one responsible for the stream in YouTube, I was working from behind the scenes to assure the event was a success.

## **The Graduate Attribute(s)**

General Knowledge – Not much specific was learned from here because I was still a freshman at the time and was very helped by my seniors. They were a lot more mature than me. I learned that I still have a lot more ways to go. In the end, I was able to improve my understanding of how to run an event.

## **Content of Activity**

Below is the tentative of the event.

<b>Day 1</b>	
<b>Time</b>	<b>Agenda</b>
20.45 PM – 20.55 PM	Waiting for participants
20.55 PM – 21.00 PM	Technical
21.00 PM – 21.10 PM	Opening of Kastrat Talks
21.10 PM – 22.00 PM	Webinar Session
22.00 PM – 22.30 PM	QnA Session

## **Self-Reflection**

In the end of this event, I realized how clueless I was. Not only did I need most of the help from my seniors, but I also didn't contribute in the creative part, only did what was told. I realized that I needed to change to adapt to this new environment and will be able to contribute more in future events.
