AIM

- To focus on the teenagers that have the high risks of involving with drugs.
- To encourage and guide teenagers towards healthier lifestyle.
- To share knowledge about the dangers of drugs to the teenagers.
- To gain our experience and soft-skills from this event for our studies.
- To give advise on how to overcome this issue among students.

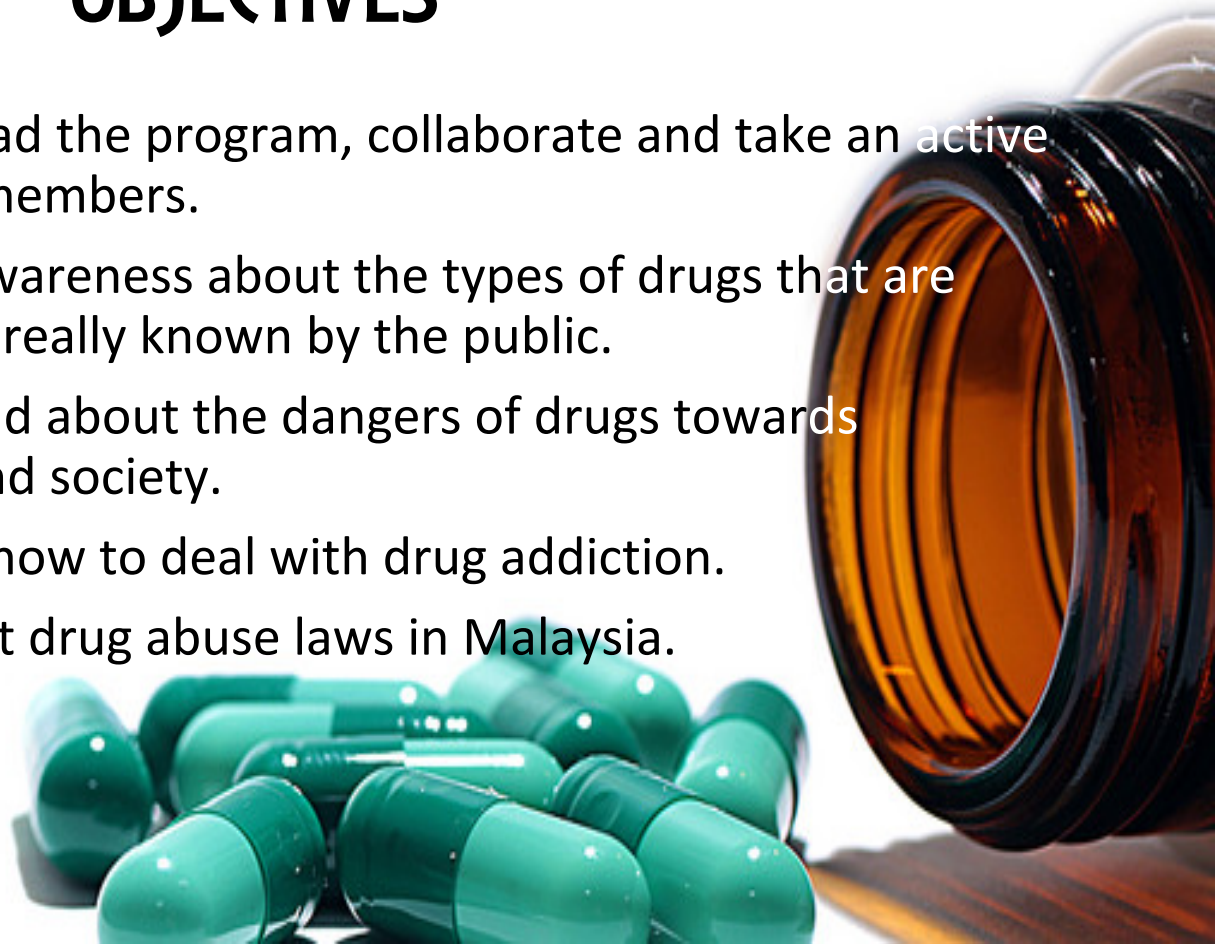

BACKGROUND

- The increasing cases of drug abuse among teenagers.
- The public expects decisive actions from the government to overcome drug abuse.
- The government also expects active role from the community to join tackle this issue.
- The concern of misused of drugs in the field of medicine.
- The concern of the severity of drug misused among teenagers.
- The lack of knowledge about the dangers of drug abuse is not fully realized by teenagers.

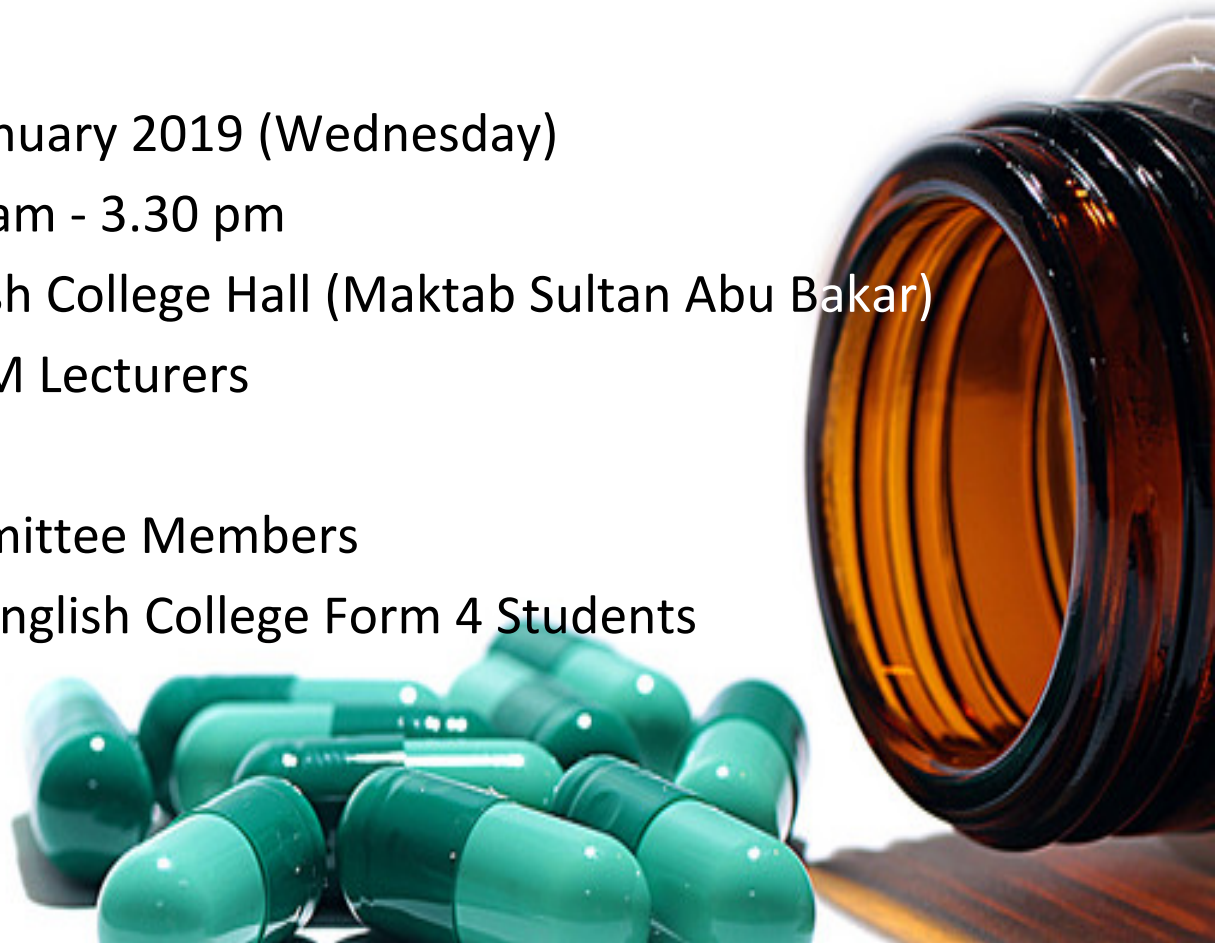

OBJECTIVES

- To plan, implement, lead the program, collaborate and take an active role within the group members.
- Giving exposure and awareness about the types of drugs that are often misused and not really known by the public.
- To open the teens' mind about the dangers of drugs towards themselves, families and society.
- To gain knowledge on how to deal with drug addiction.
- To educate teens about drug abuse laws in Malaysia.
