

INTRODUCTION

Before I came to UTM, I am totally a pure science stream student. Me, myself never exposed to this field before (IT, Computer, Robot and etc). I am not really smart, I am just a grinder. But I am willing to learn and fail. I believe my academic result and extra-curriculum experience can at least prove this quality. I just need a chance to try.

I learned python and Tableau myself because I want to master these technical as much as possible. I really want to join those competitions like hackathon. I don't want to be only good in my CGPA only(like in STPM).

LEE SZE YUAN

Computer Science (Data Engineering)

EDUCATION

Pre-U (STPM)

2017 - 2018

My overall CGPA for STPM is 4.0. I took Mathematics T, General Knowledge, Biology, Physics and Chemistry

WORK EXPERIENCE

HONOR AMAN CENTRAL Product Salesperson

3/12/2019–31/5/2019

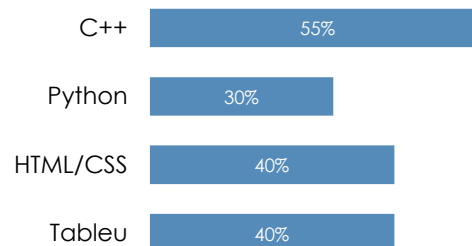

My job is to promote the products in our store and make sure our store's profit is maximized every months. We are trained to deal with our customers. We need to be able to solve customers' problem or enquiry as fast as possible

Others

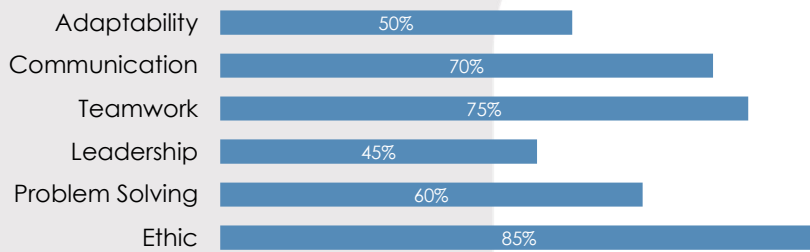

During holiday, I will help my father at his stall.

Before I entered UTM, I gave tuition to students. Basically, I am more like a homework tutor. I taught them how to do their homework.

TECHNICAL SKILLS

SOFT SKILLS

PROJECT

Back in Form 6, I was the President of Form 6 Recreational and Tourism Club and Treasurer of Badminton Club. During my time in Form 6, I involved in organising project like Larian Merdeka Tingkatan 6, an national level country which involve 5 states. I also involve in organizing activities like chess competition and origami workshop and etc.

During my secondary school life, I was the vice president of KRS, Buddhist Society and School Library. I also involved in several activities like organizing annual camp, farewell party, school field trip and etc.

COMPETITION

National Statistic Competition 2018 Top 50

I take part in the National Statistic Competition which held in USM and managed to get TOP 50 award.

Besides, I attended competition like National Chemistry Quiz 2018 held by Ministry of Education (MOE) and I get DISTINCTION.

I also took part in competitions like Olympiad Mathematics, Science Quiz and International Competitions and Assessments for School (ICAS)
