EXPERIENCE

JANUARY 2016 – JUNE 2016

FINAL YEAR PROJECT, UNIKL MICET

I did my research on the Degradation of Bacterial Cellulose by using microbes for my final year project. I also co-written a journal for the application of Bacterial Cellulose Film as a Biodegradable and Antimicrobial packaging material.

JUNE 2016 – DECEMBER 2016

INTERNSHIP IN QUALITY ASSURANCE, ZARA FOODSTUFF INDUSTRIES SDN BHD

I am responsible to test the quality of the product produced by the company before reaching to the consumers. I learned a lot on how to build my social skills and on team building.

JULY 2019 – AUGUST 2019

PART TIME WORKER, ROTIBOY

I am responsible on baking the goods for the shop and in customer service. I learned a lot on the importance of quality in product and improve my social skills by interacting with many people.
